

SMART WATER SAVER

If you have a large tank with a corrugated steel roof, installing the 'Smart Water Saver' could allow you the potential to harvest thousands of extra litres of rainwater falling on your tank roof.

**EXCLUSIVE
TO PIONEER**

ADDITIONAL RAINFALL YOU COULD HARVEST

Tank Model	Tank Capacity	ANNUAL RAINFALL				
		400mm	500mm	600mm	700mm	800mm
GT 110	110,127 L	20,200 L	25,250 L	30,300 L	35,350 L	40,400 L
GT 150	150,002 L	27,520 L	34,400 L	41,280 L	48,160 L	55,040 L
GT 250	196,026 L	35,920 L	44,900 L	53,880 L	62,860 L	71,840 L

Note: This table serves as a guide and does not take into account additional factors such as water usage or different tank roof areas.

Key Benefits:

- EFFICIENTLY CATCHES WATER FROM YOUR CORRUGATED TANK ROOF
- WATER FLOW SLOTS ARE 1.2MM WIDE TO HELP KEEP MOSQUITOS AND INSECTS OUT
- TEK SCREWS ENSURE IT IS FIRMLY FIXED TO THE ROOF
- LOW PROFILE CONCAVE SHAPE - ALLOWS LEAVES AND DEBRIS TO MOVE OVER THE TOP KEEPING YOUR TANK ROOF CLEAN
- DESIGNED TO LAST - WITH UV STABILISED POLYETHYLENE
- DESIGNED TO BE SAFE - FOOD GRADE MATERIAL
